PROFILE

Network & Security Engineer focused on network architecture, infrastructure security, and incident response. Hands-on experience in SOC monitoring, routing and switching, VPN/IPsec, and automation. Recognized on the international stage through the Huawei ICT Competition, I bring a rigorous, lab-driven approach grounded in continuous learning and knowledge sharing.

ARCHITECTURE
Routing, switching & IPv6

CYBER DEFENSE
SOC, WAF, VPN/IPsec

HUAWEI LABS
Hands-on learning

PROFESSIONAL EXPERIENCE

SOC Analyst | 1T3RMEDIATION

August 2025 - September 2025

- Monitored security alerts through Cloudflare WAF and triaged Level 1 security incidents.
- Performed initial analysis, structured escalation, and collaboration with technical resolution teams.

DevOps Developer | SYNELYA GROUP

July 2024 - August 2024

- Built a supervised machine-learning model to classify threats from IoT datasets.
- Deployed a local-network solution for anomaly detection and alerting.

TECHNICAL PROJECTS

Huawei ICT Competition - Network Track

Labs, technical preparation, and training resources

- Designed and solved multi-protocol labs covering VLAN, MSTP, VRRP, OSPF, IS-IS, BGP, IPv6, and IPsec.
- Produced technical guides, scripts, and practical learning materials for networking and security.

TianSemi Club - Network Mentoring Project

Huawei ICT Competition 2026-2027 program

- Designed a lab-focused preparation pathway covering competition strategy and networking knowledge transfer.
- Developing French technical materials, exercises, and solutions to support engineering students.

CORE SKILLS

Networking
TCP/IP, IPv4/IPv6, VLAN, STP/MSTP, VRRP, WLAN, static and dynamic routing, OSPF, IS-IS, BGP

Cybersecurity
SOC, SIEM/WAF, alert analysis, network security, firewalls, security policies, VPN/IPsec, access control

Systems & Automation
Linux / RHEL, Python, Bash, PowerShell, Git, Docker, Ansible

CERTIFICATIONS & RECOGNITION

- Cisco CCNA v7
- Huawei HCIA-Datcom
- Fortinet NSE 1, 2 and 3
- RHEL Certification - Alphorm
- Ministerial Program - Huawei Training Center
- Recognized on the international stage - Huawei ICT Competition

EDUCATION

Institut National Polytechnique Félix Houphouët-Boigny

2023 - 2025

Engineering cycle - Electronics, Computer Science and Telecommunications

Université Polytechnique de Bingerville

2020 - 2023

Bachelor's degree in Network and Information Security

Lycée Moderne de Bonoua

2019 - 2020

Science Baccalaureate

LANGUAGES

French: native
English: B2 - eLao certified
